i++) World of Warcraft with Jason

- Blue Posts
  - Legendary Item Bad Luck Protection Soft Cap Removed. Bad luck protection now applies indefinitely
  - Blizzard has added leaderboards for the Mythic Keystone:  
<https://worldofwarcraft.com/en-us/game/pve/leaderboards/cenarius/black-rook-hold>
  - Mythic Helya Bans: An exploit where you can get the Helya to not use her breath again during phase 3 was found when letting a tank die during the breath cast. Exorsus killed the boss this way without initial consequences so other guilds decided to take advantage of this bug. Method and Serenity did not use this exploit. Exorsus was later banned after the exploit became known.
  - TellMeWhen - add-on
- Fantastical Battle Pets and Where to Find Them
  - Molten Corgi/Terrible Turnip - His abilities hit the target leaving them with 1 hp. Perfect for fighting weak pets and not overdoing it.

- Molten Corgi was from WoW's 10th Anniversary
  - Terrible Turnip - Valley of the Four Winds farm from Panda expansion
- Darkmoon Zeppelin - Using this pet to level is a fantastic idea as it will explode killing your enemy leaving your level 1 unharmed and the only one alive.
  - Can be purchased for 90 darkmoon faire tickets
- Anubisath Idol - Another good pet to use for leveling as he has a group shield for a 2 pet fight for lots of XP.
  - Found off of Emperor Vek'lor in Ahn'Qiraj
- Combo - Pandaren Water Spirit + Chrominius - These pets work well with one another with heals and strong offense. Start with Water Spirit using geyser and whirlpool. Swap to Chrominius and howl followed up with it's surge of power will destroy at single pet battles.
  - Pandaren Water Spirit can be found by completing the pet battle quests in Pandaria. You'll get to pick from a list of 4 and I'd recommend this guy.
  - Chrominius is farmed off of Chromaggus in Blackwing Lair.
- Emerald Whelpling is pretty fantastic at fighting the Draenor PVE tamers. Good heals and decent dps. If you can't get this hard to find guy you could tame an Emerald Proto-Whelp which starts at lvl 22!
  - Drops from Noxious Whelps in Feralas so get to grinding!
  - Emerald Proto-Whelp can be found in the northern part of Sholazar Basin.
